

Look into this SHURflo Multi-Fixture Demand Pump and you'll discover exciting exclusive features including 3 independent pumping chambers, and that means 3-way dependability! Lack of polarity permits operation regardless of which wire is connected to positive or negative terminals. And although it's designed to operate on 12 volts, water is delivered and unit shuts off even when battery is discharged to 9 volts.

- SHURflo's integrated low RPM permanent magnet motor attached to its ball-bearing pump head assures whisper-quiet operation in every standard installation.
- SHURflo's pump will prime itself. Even from a dry start. And even if the water tank is six feet below the level of the pump.
- Even if the water tank goes dry, the pump will run for quite a while with no damage.
- SHURflo pumps save energy. Integrated low RPM permanent magnet motor requires only 4 amps of power to deliver maximum performance of 2.8 gallons a minute.
- SHURflo's built-in check valve protects against the high pressure in city water lines (up to 200 psi). If the RV is connected directly to a city water hook-up, the check valve prevents pump damage by keeping water from backing up into the pump head assembly. Fittings included for easy installation (one elbow and one straight fitting). Standard (2.8 GPM).

10-0100 2088-422-444 \$ 78.99
Standard Fresh Water Pump

Water pressure regulator reduces water pressure to a safe 40-50-psi pressure. Protects hoses and equipment. Includes easy-to-use gripper and screened washer. Packaged.

10-0607 A01-1115VP Water Regulator with Gripper \$ 10.69

Combination water pressure gauge and pressure regulator allows you to know the hook up water pressure, while reducing the pressure to a safe 40-50 psi pressure. High water pressure can damage your RV plumbing system. Protects hoses and equipment.

10-0610 A01-1118VP Water Regulator Gauge Combo \$ 24.19

All brass interior and increased water flow makes this the top of the line water regulator. Factory set to keep pressure between 40 and 50 psi. 15% to 20% greater flow than standard water regulator.

10-0611 A01-1113VP Hi Flow Water Regulator \$ 12.79

We started with a 15' RhinoFLEX sewer hose, and pre-attached specially engineered fittings to make it even more convenient for you. At the RV end of the hose, there is a super-tough bayonet fitting with 4 prongs for a more secure fit. At the dump-station end, we've added an easily detachable 4-in-1 adapter for fitting to 3" slip or 3", 3 1/2" and 4" threaded pipe. It's a ready-to-use kit made with the toughest hose you can buy. With new pre-attached swivel fittings featuring a reusable locking ring so that fittings can be moved to a new RhinoFLEX hose. Lug cap and elbow cap also included. Patented and patent pending.

11-0033 39761 RhinoFlex RV Sewer Kit \$ 41.89

19-0412 44740 Surge Guard with GFCI Protection Trailer Aid \$ 89.00

Stop the hassle of carrying and storing blocks of wood! The Fastway Flip automatic jack foot drops into place as you extend your jack, and automatically tucks up out of the way as you retract your jack. Quickly and easily adds 6" to your existing 2" (inner tube dimension) tongue jack! There are no pins to pull or insert; no more bending or kneeling down in the gravel; and do-it-yourself installation takes about five minutes. Make towing your trailer faster and easier with the Fastway Flip. Fastway-Faster, Easier.

15-0192 88-00-6500 6" FASTWAY FLIP JACK FOOT \$ 39.99

Loop it, lock it, and leave it. ToyLok's impenetrable design makes it impossible for scavengers to swipe your stuff. Walk away knowing your bikes, ATV's, portable tools and camping gear are right where you left them. With ToyLok, you can foil their plans to rob you blind. When they strike, you'll be ready. ToyLok secures your toys in just seconds, eliminating the hassle of stowing everything for safe keeping. So hit the hiking trails, head for the fishing pond or take your ATV's out for a spin. Thanks to ToyLok, your toys will still be there when you get back. ToyLok has the solution for nearly any situation. Whether for your truck, camper, toy hauler or trailer, make ToyLok a permanent fixture or attach it using one of the optional mounts.
